Coaching

Preparing for IELTS at Rao Consultants has been a joyride for me. The staff is very friendly and faculties make sure that each student gets their doubts cleared. My faculty, Niraj sir, constantly guided me to prepare myself for the tests with the help of guide books, mock tests and spending hours in the library. All of this helped me in scoring 8 Bands. I can now confidently say that Rao Consultants is the best coaching institute for IELTS exams.

- Sheldon Fernandes

Intensive English

I applied for intensive English program while I was applying to a university abroad. Now I am studying in UK and I believe that the knowledge I have acquired, be it in grammar, public speaking or conversation has really helped me a lot in settling down in this new country. I remember all the tips given by the faculty and thankful for their involvement during my short, but very powerful, intensive English course.

Visitor Visa

The service for non-immigration visa provided by counselors of Rao Consultants was absolutely complete and satisfactory. They showed utmost patience while dealing with my doubts and were always ready to discuss all aspects of my NIV application. I am indebted to them for their guidance while filing the crucial DS 160 form (for USA NIV), documentation and successfully obtaining my visa. It is all because of their high experience. In summary the services provided were up to my satisfaction.

Student Counselling

Rao Consultants is the place from where students can achieve their dream of going abroad for foreign education. I came to know about Rao Consultants through my friend who had recommended me for their services. He knew that I had gone to other overseas education consultant where initially they told me that I was eligible for Canada. However, after few days they changed their evaluation and told me that I was not eligible. I was quite disheartened and this is when I came to Rao Consultants. Their constant motivation and guidance gave me confidence to apply for my preferred colleges and get the offer letter. I would especially like to thank Gopal sir, Divya ma'am and Preeti ma'am for helping me.

- Abhi Sharma

Post-Visa Services

There is nothing more satisfying than getting superb deals on air-tickets, money exchange and accommodation while traveling abroad. As soon as I received my visa, I know the job was only half done. There was a lot of arrangements to be done which requires proper planning and spending time and money on it. I am glad that Rao Consultants helped me in all of this and much much more. They got me cheaper air tickets to Australia, and also helped me book cheaper accommodation there. Health and travel insurance was recommended to me by my relatives staying there and Rao came to the rescue yet again. If you are going to stay for a long duration abroad, go for health insurance here only as the medical rates in Australia are quite high. All in all, Rao's consultation has helped me plan and execute my entire travel without any trouble. Thanks so much, Rao.

- Anshul Panchal

Student Visa

What would one do if his/her application gets rejected many times? Give up and compromise, right! Well, I did not and this is why I am finally flying to USA to study. And it is all because of Rao Consultants' expert guidance. They constantly motivated me to stay focused and they believed in me throughout the journey. With every refusal (due to various reasons beyond their control) I was offered alternative universities for the course I wanted to apply for. Finally my application was accepted, after which they helped me in SOP and interview preparation, which didn't take much time and I recently received my visa.
